1. Informant observed a shipyard about ten kilometers south of the center of Leningrad on the Neva River, where there were nine naval vessels.¹ The estimated length of the vessels was 90 meters each. They were painted red. There was also a gray-painted ship of the same size at the shipyard.

2. The ten ships were located as shown in the following sketch:

```

      Neva
      River
      |
      | 0000
      | 0 00000
  
```
